

SUMMARY OF PANEL #15: AIRCRAFT OVERFLIGHTS

Problems, concerns, issues, questions.

- Plans are needed for Case 1-Case 2 Atlantic Ocean field experiments involving the MODIS Atlantic Test Site (MATS) and Bermuda Biological Station measurement series (BATS).
 - [MOBY (Hawaii) ER-2 MAS is in planning
 - Need to identify post-launch field exps. for airborne exp.
- Action Items (item, person, deadline)

Plan MATS-BATS (Case 1-Case 2) Airborne Field Experiment by next MODIS meeting (Action: Hoge by Oct 25 1995).

Conclusions, recommendations

Airborne platforms, sites, inst, tutiens do exist to conduct robust experiments.

Recommend focused planning activities

Need for follow-up session(s)

Next meeting (Oct 25, 1995) should have session to discuss maturity of plans for both the Pacific and Atlantic airborne experiments
